

Graduate Degree Plan

Name: _____ UNID: _____

Degree Title: _____ Degree Program (MS/PhD): _____

Total Credits Required for Degree Completion: _____ Credits Completed to Date: _____

Courses Required for Degree Completion

Electrical Engineering		
Course ID	Course Nomenclature	Credits
ECE 6900	Grad Seminar I (Spring)	1
ECE 6910	Grad Seminar II (Fall)	1

Computer Engineering		
Course ID	Course Nomenclature	Credits
ECE 6710	Digital VLSI Design	4
ECE 6810	Computer Architecture	3

Course Schedule

Semester/Year: _____

Total Degree Plan Credits: _____

Degree Course Requirements

- Required Courses Completed
- 32+ hours for Electrical Engineering (EE) / 30+ hours for Computer Engineering (CE)
- Up to 12 credit hours of 5000-7000 level allied courses will be accepted (STEM and MST)

Degree Course Criteria

- A minimum GPA of 3.0 on coursework listed on the program of study with no grade lower than C- is required for graduation.
 - If a student receives a grade lower than C- in a course listed on the Program of Study they must repeat that same course and receive a higher grade.
- Students who receive an "Incomplete" grade in a class must complete the class by the following semester, even if the semester is the summer semester.
- Coursework cannot be used for more than one degree on the same level.
- Cross-listed courses must be registered through the ECE course numbers.
- A course taken for 5000-level credit cannot be taken again for 6000-level credit.
 - Where a course has both a 5000- and 6000-level number, the 5000-level version is intended for undergraduates and the 6000-level version for honors and graduate students. The two versions of the class will meet together, but extra work will be expected of honors and graduate students.

Students should be prepared to graduate the semester the coursework requirements are completed.
